

ALLEN & OVERY

Our Luxembourg- LatAm desk

Your gateway to Europe and beyond

Why Luxembourg?

Measuring the importance of the Grand Duchy of Luxembourg by its size of 2,586 square kilometres or by its population of about half a million people does not do justice to its political and, more importantly, its economic significance globally. Luxembourg is a strategic gateway for investments into Europe and, generally, for structuring investments worldwide.

Why our Luxembourg-LatAm desk?

As a firm, more than 70% of our work is on cross-border mandates. We excel in supporting our clients with their international expansion by relying on both our unequalled footprint and the expertise of our highly qualified lawyers in each local jurisdiction.

Our Luxembourg-LatAm desk advises Latin-American clients on Luxembourg legal matters and assists them in expanding their business operations into the European and/or international markets through Luxembourg structures.

The Luxembourg-LatAm desk works hand in hand with our Luxembourg office, which is full-service, as well as with our wider Latin-America Group based in New York and São Paulo.

By bringing together resources from our Luxembourg office in Latin America with local capability, we can assist clients in pursuing inbound or outbound expansion in or out of the region through our unmatched cross-border expertise and seamless legal services.

Our Luxembourg-LatAm desk has extensive experience in assisting Latin American players on a wide range of legal, tax and regulatory matters. Our expertise includes advising on, among other things:

- The setting up of **Luxembourg-based regulated or unregulated investment vehicles** managed or advised by Latin American asset managers, in view of reaching new investors.
- The structuring of **deal-specific Luxembourg investment vehicles** to conduct domestic and/or cross-border investments/acquisitions.
- The setting-up of **Luxembourg investment structures for Latin American high net worth individuals** seeking to manage their assets and organise their succession.
- The structuring of **investments into offshore funds** through Luxembourg investment vehicles.
- The **migration/redomiciliation of companies** and investment vehicles from offshore locations to Luxembourg.
- The **listing of bonds and/or shares** on the Luxembourg Stock Exchange.
- The **setting-up of securitisation vehicles** for the purpose of repackaging instruments for investors.
- **Obtaining the necessary regulatory approvals** for the establishment of banking and FinTech-related activities.
- **Employment matters**, including resettlements and immigration law for multinationals operating or seeking to operate in Luxembourg.
- Matters of **IP rights, IT, data protection, GDPR compliance and commercial contracts**.
