

ALLEN & OVERY

Italy

Our presence in Milan and Rome

For more than 20 years Allen & Overy has been one of Italy's premier legal practices, offering domestic and cross-border legal services to the world's leading corporations and financial institutions. Based in Milan and Rome, our lawyers have an in-depth knowledge of the local market and its related dynamics and players, and are able to combine that with our international reach and sector expertise.

Our lawyers in Italy, many of whom are qualified to practise in multiple jurisdictions (including England and New York), work closely with our truly global network of more than 40 offices.

With independent relationship firms in more than 100 jurisdictions where we do not have an office, we have an unparalleled global reach. In this way we are able to deliver high quality advice in 99% of the world's economies.

Our clients are at the heart of everything we do: central to our strategy, culture and the way in which we deliver our advice. While each client is unique, our standards of high-quality work are universal in every one of our offices. More than legal advisers, we aim to become strategic business partners for our clients. We also plan seminars and training on law topics to address and help them on key legal issues.
