Overview of our legal services

We have been providing U.S. legal advice to domestic and non-U.S. clients for more than 30 years. With a broad range of sophisticated legal services and innovative technological solutions to legal issues at our disposal, we work closely with A&O offices around the world to meet the needs of our clients.
Reaching out beyond the U.S.

Latin America practice

Allen & Overy’s dedicated Latin America team draws together our world-class experience in project finance, general finance, corporate/M&A, capital markets and international dispute resolution. With cultural familiarity and fluency in English, Spanish and Portuguese, they provide clients with highly effective service on Latin America transactions in key industries including power, renewable energy, oil & gas, mining, infrastructure and telecommunications. The core of our team is based in São Paulo, New York, and Washington, D.C., and we draw on the talents of our outstanding group of New York and English-qualified lawyers based in Tokyo, Seoul, Paris, Brussels, Amsterdam, Dubai, Abu Dhabi, Germany, Italy, Madrid, London and several other offices around our global network, allowing us to provide a seamless service across time zones and cultures.

U.S. China group

Allen & Overy has one of the leading China practices in the world. The U.S. China Group in particular has a broad range of experience in M&A, joint venture and financing transactions covering infrastructure, technology and real estate, among other industries. In recent years, the U.S. China Group has focused on assisting Chinese enterprises in their initiatives to “Go Global.” The group consists of a dedicated team in New York (with fluent Mandarin and Cantonese speakers) working alongside colleagues in D.C. and China. We are dedicated to helping Chinese companies and financial institutions grow their business in the U.S. and beyond.

“They were really very diligent and it was a great experience working with them. I would highly recommend them to anyone. They also have a global presence, which makes multi-jurisdictional transactions much easier.”

Advanced Delivery & Solutions

Allen & Overy is committed to being the world’s most advanced law firm. Equipping clients to meet the demands of today’s changing and challenging environment has prompted our growth into new complementary services.

Through Advanced Delivery & Solutions (AD&S) we provide technology, resourcing and end-to-end solutions. This includes delivering legal services in new and flexible ways, making the most of what legal tech has to offer, and providing specialist consulting and strategic advisory services to build strength and integrity into organizations.

This helps our clients embrace change and overcome the frustration of outdated and inefficient ways of working, enabling them to better manage risk, reduce cost and become more resilient. Ultimately it helps them reinvent their “business as usual” as well as drive change.

Whatever the challenges, we can bring together the right combination of skills to tackle them.

“We combine the reassurance of a global elite law firm with the innovation clients might expect from an alternative provider.”

Expertise

Solutions

Consulting
A&O Consulting acts as trusted advisors to business leaders on governance, corporate purpose and culture, conduct, compliance and operational risk, regulatory advisory and business transformation.

Scaled solutions

AD&S in action

Undertaking an independent review of a UK professional services firm on behalf of a UK regulator

Challenge
Undertaking a detailed assessment of governance, risk management and culture against regulatory standards, requiring over 100 interviews, workshops and focus groups, and review of c.700 documents.

Solution
Our consultants, supported by additional skilled resource from Peerpoint and our managed legal services team, planned and conducted this major review and produced a comprehensive report for the regulator, with dedicated project management support interfacing with the client’s project team.

Transitioning from LIBOR and other benchmarks to new risk-free interest rates

Challenge
Remediating all IBOR-based contracts and financial products and transitioning to new products based on new benchmarks is currently the regulatory issue with the single biggest impact on an international financial institution’s bottom line, bringing significant risks that require careful management.

Solution
IBORMatrix™ is an end-to-end solution to handle the transition at scale. At its heart is a unique AI-based solution to extract terms from thousands of loan, bond and swap documents as structured, machine-readable data, and automatically allocate such contracts to a remediation workflow and outreach interface. Our consulting team is helping clients to manage risk effectively and meet regulatory expectations. Senior Peerpoint lawyers also work client side to lead the project internally, helping to achieve a seamless connection between the client and the A&O teams.

Addressing the complex legal and governance issues around e-signing

Challenge
The multiple legal issues covering e-signatures in different jurisdictions coupled with wider governance questions created complexity for clients operating internationally.

Solution
An online subscription service helps clients answer law and practice questions across 48+ jurisdictions, while our end-to-end managed service saves valuable time and resource. Our consulting team helps clients to design policies, procedures and risk assessment frameworks to enable efficient use of e-signatures across jurisdictions.

Supporting a financial institution on a money laundering investigation

Challenge
Our client needed senior counsel support, both internally and externally, on a money laundering investigation within a leading financial institution.

Solution
Peerpoint placed three consultants to support the client on various workstreams of the investigation, who also worked alongside A&O’s regulatory investigations and litigation team.
